Dear Joel:

We neglected to mention in our March 25, 2011 correspondence to you, that in addition to asking the TRS fund administrator to begin reporting total number of calls and originating minutes on a state by state basis for VRS and IP type calls, the council also asked fund administrator to also begin reporting on a state by state basis Speech to Speech (STS) usage reports. At this time, no report on this kind of data is currently provided.

We look forward to a favorable response from the FCC for the Councils' request for this type of reporting.

Sincerely,

Kelby Brick
Chair
